

PRODUCT INFORMATION

UV-block CoolDry Long-Sleeve Polo / 202005

This polo is made of 50% CoolDry and 50% polyester. The UV-block fabric provides UPF 50+ protection, and is also very resistant to shrinkage and colorfast. The CoolDry material in this polo means it is breathable, and excellent at regulating moisture. The white version of this product is ideal for sublimation. This article features a 3-button closure, and is available in 3 different colors.
